# HUMAN TRAFFICKING AWARENESS MONTH

---

The Potter's Hands Foundation is a local ministry in the Corning-Elmira area working with survivors of sex trafficking and sexual exploitation. Often people in our area are shocked to find out that we do have individuals who are being trafficked right here in our community.

## THE FACTS

---

- » Domestic sex trafficking is the commercial sexual exploitation of individuals through prostitution, pornography, and sexual performance.
- » 100,000 - 300,000 American children are at risk of being exploited through pornography or prostitution every year.
- » 12 is the average age a child is first exploited through prostitution, though infants have been identified in pornography as well.
- » Under the Trafficking Victims Protection Act, sex-trafficking requires force, fraud, or coercion UNLESS the victim is a minor.
- » In the United States, there are limited resources for girls who are victims of sexual exploitation and sex trafficking.
- » As a result, there are thousands of girls each day who are treated as criminals by local law enforcement—they are arrested and incarcerated as a means to protect them from their traffickers.
